

Northwest Ohio Automotive Manufacturing

DISCOVER THE OPPORTUNITIES FOR SUCCESS

450,000

Jeep vehicles produced annually in Toledo

Ohio #1

manufacturer of engines & transmissions

Within
72%

of North American vehicle production

Located in the heart of the North American automotive marketplace, Northwest Ohio provides immediate access to manufacturers and suppliers across the industry. Home to the world-famous Jeep Wrangler, the most productive transmission plant in the country, and nationally recognized workforce, Toledo/Northwest Ohio has established itself the No.1 automotive supply region in North America. Throughout Northwest Ohio and across the state, Ohio offers an innovative ecosystem offering next-generation resources and collaborative partners investing in ongoing connected and autonomous vehicle research, development and testing.

In Just the Last Five Years

\$2.5 Billion

INVESTED BY COMPANIES IN AUTOMOTIVE INDUSTRY

5,500

NEW JOBS CREATED

“We needed to be close to a major highway intersection because of the importance of getting to customers and suppliers quickly. Northwest Ohio fit right in the logistics center to the majority of those suppliers.”

- Dennis Kirby, CFO, JAC Products

AUTOMOTIVE MANUFACTURING

Fueling the Regional Economy

Find out what's driving production in Northwest Ohio's automotive industry:

Logistics

The Toledo region offers a comprehensive transportation network, including several Class 1 rail lines, three of the country's most traveled highways and a seaport serving the global market

Talent

A workforce of more than 45,000 within the industry has earned national recognition as the most productive in North America

Supply Chain

A host of Tier I, II and III automotive suppliers in Northwest Ohio provide industry expertise related to nearly all phases of production including tool and die, stamping and machining.
