Northwest Ohio Flourishing & Thriving

ENERGY. EXCITEMENT. MOMENTUM.

Over the last several years, optimism and confidence have skyrocketed across the Northwest Ohio region. Contagious enthusiasm is reviving spirit amongst the private, public, and academic sectors, and lifting the community as a whole.

And it's no wonder. That growing sense of greater prosperity stems from an evolving economic landscape that more and more is producing tangible, rewarding opportunities for businesses, families and communities.

New investment and good-paying jobs have brought record results over the past four years across the 17-county region. And downtown Toledo's remarkable revitalization has served as a symbol of unlimited potential for successful community and economic development throughout Northwest Ohio.

"THE RGP NOT ONLY WORKS ON ATTRACTING NEW BUSINESSES, BUT THEY'RE ALSO FOCUSED ON WHO'S HERE IN OUR COMMUNITY NOW ... AND MAKING SURE THOSE COMPANIES ARE THRIVING."

– Robin Whitney,
Senior Vice President,
ProMedica Health System

National media outlets have taken notice, with one publication describing Toledo's *"hometown swagger ... coming back strong."* While another news magazine described Northwest Ohio as a *"Mecca for Manufacturing."*

Regional collaboration geared toward vastly improving the vibrancy and business climate of Northwest Ohio is being felt. Consider the following:

- TOLEDO RANKED #4 FOR ACHIEVING THE AMERICAN DREAM
- FINDLAY THE #1 SMALL COMMUNITY FOR ECONOMIC DEVELOPMENT
- TOLEDO REGION A TOP LOCATION FOR MILLENNIALS

It's that energy ... it's that excitement ... it's that momentum which will continue flourishing as Northwest Ohio further attracts and capitalizes on business investment, economic growth and significant job creation, leading to a dynamic Toledo region providing greater opportunities for communities, companies and families to thrive.
